Workshop Schedule | November 11 & 12

Mastering Infrared Imaging: Developing an Informed Eye

Day 1 | November 11 | *Wassenaar*

Private collection space | Exact location provided to registered attendees

9:30-10:00 | Welcome and Opening Talk
Dividi Foundation

10:00 - 10:45 | Guided Tour of the Collection Space

10:45 - 11:30 | Coffee and Tea Break

11:30-12:15 | Talk: Infrared Reflectography with OPUS Instruments
Eva Direito I Opus Instruments
An introduction to the principles, setup, and applications of OPUS infrared reflectography cameras. Followed by Q&A.

12:15-13:00 | Talk: Exploring the Fundamentals of Infrared Imaging
Mariana Escamilla-Martínez | Manager Conservator | Studio Redivivus
Exploring the fundamentals of infrared imaging, including underdrawing, painting materials, and visibility. Followed by Q&A.

13:00-14:15 | Lunch Break
Lunch provided

14:15-15:00 | Talk: Developing an Informed Eye: Interpreting Infrared Images
Gwendolyn Jones-Boevé | Founder and Chief Conservator | Studio Redivivus
Interpreting infrared images to better understand an artwork's creation and conservation history, illustrated through case studies. Followed by Q&A.

15:00-15:45 | Talk: Infrared Reflectography and Rembrandt
Petria Noble | Former Head of Paintings Conservation | Rijksmuseum
Exploring the use of infrared reflectography in the technical study of Rembrandt's paintings. Followed by Q&A.

15:45-16:15 | First Day Wrap Up Discussion

DIVIDI

Workshop Schedule | November 11 & 12

Mastering Infrared Imaging: Developing an Informed Eye

Day 2 | November 12 | *The Hague*

Studio Redivivus, Wolga 16, The Hague

10:00–10:45 | Talk: IRR and IR Photography: Towards Better Results
René Gerritsen | Art and Research Photographer
Approaches to infrared image acquisition and improving imaging results. Followed by Q&A.

10:45–11:30 | Talk: Seeing deeper: short-wave infrared multispectral and hyperspectral imaging in cultural heritage
Francesca Gabrieli | Research Scientist Specialised in Imaging | Rijksmuseum
Exploring advanced imaging approaches and their applications in the technical examination of paintings. Followed by Q&A.

11:30–12:30 | Coffee Break

12:30–14:00 | Practical Session I
Hands-on exploration of infrared imaging techniques and image interpretation.

14:00–15:00 | Lunch Break
Lunch provided

15:00–16:15 | Practical Session II
Continued practical exercises, discussion of observations, and application of interpretive approaches introduced throughout the workshop.

16:15–16:45 | Ending Remarks

Please note that the program is subject to minor adjustments.
